SHERLOCK GNOMES

HELP TRANSFORM THE LIFE OF A

CHILD LIKE BEN IN YOUR COMMUNITY

Variety was introduced to Ben when he was only four years old. He was a cheerful little boy who had big dreams of becoming an astronaut one day. Ben was also born with cerebral palsy, which affected each of his limbs, making basic mobility a challenge. Variety provided a scholarship that afforded Ben the amount of therapy he really needed to gain the strength necessary to walk independently.

Since 1928, Variety – the Children’s Charity has helped children who have a disability or are disadvantaged get the equipment and services they need to live a limitless future – like Ben, who after years of therapy, walked into the first day of 5th grade on his own. **Thank you for your support!**
